Greetings, dear brothers and sisters! We have put wooden trusses up the assembly hall today. It was the most challenging job. Thank you for prayers and financial support. We are so happy and thank God for His mercy shown to us. It has been a hard day today. Big thanks to everybody!

Andrew stopped by earlier today and showed me pics of the putting up of trusses and I asked him to forward some to me and I'll forward to you and others. It looks really great. He said he made everybody work till all 18 trusses were put up! All of them are sore today from all the work. Good boys! I'm proud of them!

AT THE END OF A LONG, HARD DAY ALL TRUSSES WERE IN PLACE!
