Dear John!

Thank you very much for a very interesting and productive meeting.

We highly appreciate your constant and long-term support of Ukraine, your attention to the problems of the moral, mental and spiritual state of veterans and their families.

Your participation in solving the issues discussed at the meeting is not only a fateful step in the life of every Ukrainian, but also a significant contribution to the peace and prosperity of our country.

We are sure of further cooperation.

Sincerely,

Gennady Melnychenko
